

DEMOCRACY- EXERCISE YOUR CIVIC RIGHT - Fehintola Obilomo

It is the wish and desire of all well-meaning Nigerians that Politics in our country is not permanently hijacked by selfish persons of low moral values who deprive the populace of their civic rights as good citizens of this country.

Addressing the bimonthly meeting of senior citizens in the bi-monthly meeting of Caring Hands International in Osogbo, Osun state Mrs Fehintola Obilomo said "It's time for everyone to participate in the democracy of this country. If you neglect being part of a democratically elected government by failing to play your role where and when necessary, then you don't have the right to blame anybody for bad governance"

Mrs Obilomo who recently attended an EU sponsored workshop on increasing the participation of Women in Voters' registration exercise also made a similar call to a group of young women urging them to ensure that they register and also to shun violence.

IT'S TIME STAND UP FOR UR RIGHT!
